CORRECTION: Questions and Answers

1. ORIGINAL QUESTION #13

My other question has to do with the Proposal Evaluation piece, I'm just trying to envision one proposal with three sub-regions and the base points that are all the same for each sub-region, is that Proposal going to be read and scored three times, so that you could potentially receive a different score for each sub-region, in the same Proposal?

ORIGINAL ANSWER #13

Yes, that's correct depending on what programs are being applied for. Please refer to RFP Section 8.6, Scoring Matrices, for complete detail on the possible points for each type of AJCC and program.

2. CORRECTED ANSWER #13

No; AJCC Comprehensive and AJCC proposals will be scored once, with the base points score serving as the score for all regions being applied for. Proposers applying for Rapid Response (RR) or Senior Community Service Employment Program (SCSEP) will receive additional points for those programs as reflected in RFP Section 8.6., Scoring Matrices, Sub-Sections 8.6.2 and 8.6.3. Proposals for the Veterans program will be scored separately and will receive its own requisite score as per the RFP Section 8.6, Sub-Section 8.6.5.
